### PART A – EXPLANATORY NOTES PURSUANT TO FRS 134

#### A1. Basis of Preparation

The interim financial statements are unaudited and have been prepared in accordance with the requirement of Financial Reporting Standards 134 (FRS134): “Interim Financial Reporting” and Paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

#### A2. Significant Accounting Policies

The significant accounting policies adopted are in consistent with those of the audited financial statements for the year ended 31 December 2009, except for the adoption of the following new Financial Reporting Standards (FRSs), Amendments to FRSs and Interpretations with effect from 1 January 2010:

IC Interpretation 11	FRS 2: Group and Treasury Share Transactions
IC Interpretation 13	Customer Loyalty Programmes
IC Interpretation 14	FRS 119: The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction

The adoption of the above standards, amendments and interpretations do not have significant impact on the financial statements of the Group except as follows:

***FRS 101, Presentation of Financial Statements (revised)***

Prior to adoption of the revised FRS 101, the components of the financial statements presented consisted of a balance sheet, an income statement, a statement of changes in equity, a cash flow statement and notes to the financial statements. With the adoption of the revised FRS 101, the components of the interim financial statements presented consist of a statement of financial position, a statement of comprehensive income, a statement of changes in equity, a statement of cash flows and notes to the financial statements.

FRS 101 separates owner and non-owner changes in equity. Therefore, the current consolidated statement of changes in equity only includes details of transactions with owners. All non-owner changes in equity are presented as a single line labeled as total comprehensive income. Comparative information, with exception of the requirements under FRS 139, had been re-presented so that it is also in conformity with the revised standard.

The adoption of this revised standard will only impact the form and content of the presentation of the Group's financial statements.

***FRS 139, Financial Instruments: Recognition and Measurement***

FRS 139 sets out the new requirements for the recognition and measurement of the Group's financial instruments. Financial instruments are recorded initially at fair value. Subsequent measurement of the financial instruments at the balance sheet date reflects the designation of the financial instruments. The Group determines the classification at initial recognition and for the purpose of the first adoption of the standard, as at transitional date on 1 January 2010.

Financial assets

Financial assets are classified as financial assets at fair value through profit or loss, loans and receivables, held to maturity investments, available-for-sale financial assets (AFS), or as derivatives designated as hedging instruments in an effective hedge, as appropriate. The Group's financial assets include cash and short-term deposits, trade and other receivables and AFS investments.

(i) Loans and receivables

Prior to 1 January 2010, loans and receivables were stated at gross receivables less provision for doubtful debts. Under FRS 139, loans and receivables are initially measured at fair value and subsequently at amortised cost using the effective interest rate (EIR) method. Gains and losses arising from the derecognition of the loans and receivables, EIR amortisation and impairment losses are recognised in the income statement.

(ii) AFS

Prior to 1 January 2010, AFS financial assets such as investments were accounted for at cost adjusted for amortisation of premium and accretion of discount less impairment or at the lower of cost and market value, determined on an aggregate basis. Under FRS 139, AFS financial asset is measured at fair value initially and subsequently with amortisation of premium with accretion of discount and other accrual of income recognised in income statement and with unrealised gains or losses recognised as other comprehensive income in the AFS reserve until the investment is derecognised, at which time the cumulative gain or loss is recognised in the income statement or determined to be impaired, at which time the cumulative loss is recognised in the income statement and removed from the AFS reserve.

### Financial liabilities

Financial liabilities are classified as financial liabilities at fair value through profit or loss, loans and borrowings, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

The Group's financial liabilities include trade and other payables, short and long term borrowings and are carried at amortised cost.

### Impact on opening balances

In accordance with the transitional provisions of FRS 139, the above changes are applied prospectively and the comparatives as at 31 December 2009 are not restated. Instead, the changes have been accounted for by restating the following opening balances in the balance sheet as at 1 January 2010:

RM'000	Previously reported	Effect of FRS 139	As restated
Assets:-			
Other investment	4,000	(515)	3,485
Receivables	302,074	(4,033)	298,041
Liabilities:-			
Long term borrowings	491,334	(27,691)	463,643
Equity:-			
Fair Value Reserve	-	(192)	(192)
Retained earnings	587,826	8,834	596,660
Minority interests	922,036	14,501	936,537

In additions, these changes in accounting policies have the effect of decreasing the total comprehensive income for the current period by RM9.50 million as follow:

	RM'000
AFS investments	248
Receivables	534
Payables	(47)
Long term borrowings	(10,239)
Net decrease in total comprehensive income	<u>(9,504)</u>

### ***FRS 117, Lease***

FRS 117 clarifies that the default classification of the land element in a land and building lease is no longer an operating lease. As a result, leases of land should be classified as finance or operating, using the principles of FRS 117. The Group has reassessed and determined that all leasehold land of the Group are in substance finance leases and has reclassified the leasehold land to property, plant and equipment. This change in accounting policy has been made retrospectively in accordance with the transitional provisions of this FRS amendment. The following comparative figures have been restated following the adoption of the amendment to FRS 117:

RM'000	31 December 2009	
	Previously reported	As restated
Net Book Value		
Property, plant and equipment	2,311,419	2,350,568
Prepaid lease payment	39,149	-

### **Change of Accounting Policy**

The change in this accounting policy has no material impact on the prior year financial position and results of the Group. As a result, no adjustment has been made to prior year financial statement.

The effects of the change in accounting policy for inventories to the cost of goods sold in the current period and year to date were increased by approximately RM4.6 million and RM10.0 million respectively.

The effects of the change in accounting policy for inventories to the basic and diluted earnings per share (EPS) were as follow:

	<u>Current quarter</u>	<u>Current year to date</u>
Decrease in: - Basic EPS (sen)	(0.49)	(1.06)

### **PART B: EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD**

#### **B1. Review of Performance**

For the current quarter under review, the Group recorded revenue of RM358.3 million and a pre-tax loss of RM90.3 million as compared to revenue of RM454.0 million and a pre-tax profit of RM83.0 million registered in the corresponding quarter a year ago.

Revenue and pre-tax loss for the financial year ended 31 December 2010 were at RM1,633.5 million and RM90.0 million compared to revenue and pre-tax loss of RM1,991.2 million and RM67.4 million respectively recorded in the previous financial year.

The decrease in revenue for the quarter under review was mainly due to a significant slowdown in international market demand for steel and steel products, as well as weaker pricing for billets. As a result, the Group's profit margins were negatively affected, leading to a net loss for the period under review. For the current financial year, the decrease in revenue was mainly due to challenging international market conditions.

#### **B2. Comparison with Preceding Quarter's Results**

The Group's pre-tax loss of RM90.3 million as compared to the preceding quarter's pre-tax loss of RM49.3 million was mainly due to lower revenue and profit margin during the quarter under review.

#### **B3. Current Year Prospects**

For the financial year 2011, the Group expects global market conditions to be somewhat challenging. In addition, the demand for steel is not expected to see a significant pick up in the near-term as some major projects are being implemented at a pace slower than expected. As iron ore prices are expected to remain high, the Group will monitor price fluctuations closely and will adopt a prudent purchasing strategy. The Group will also continue to be vigilant in its cost containment and inventory stocking strategy to ensure its ability to capitalize on any turnaround in market conditions as the Malaysian government rolls out major projects under the Economic Transformation Programme.

#### **B4. Profit Forecast**

Not applicable as the Group did not issue any profit forecast/guarantee to the public.

**B5. Taxation**

The Group's effective tax rate is lower than the prevailing statutory tax rate of 25%, mainly due to the utilization of deferred tax assets not recognized in prior years.

**B6. Sale of Unquoted Investments and/or Properties**

There were no disposals of unquoted investments and/or properties for the current quarter and financial year-to-date.

**B7. Purchase or Disposal of Quoted Securities**

PSSB is alleged to have failed to adhere to 4 maintenance agreements in 1996 whereby Nesaga was to provide various services to PSSB. PSSB had entered into a settlement dated 28 June 1996 with various terms and conditions and PSSB allegedly agreed to all the terms in the settlement via a letter dated 1 July 1996.

On 22 March 2002, Nesaga filed a Writ of Summons and Statement of Claim at the High Court of Malaya at Shah Alam against PSSB. The claim was for LIRE356,996,800.00, RM404,180.00 and USD826,117.40 (approximate total claim is RM4,151,858.54 based on relevant conversion rate in year 2002) with interest calculated at the rate of 8% per annum from 1 July 1996 until date of judgment.

PSSB filed an application to amend its Defence and to include a Counter-claim which application was allowed on 10 December 2008 by the Registrar of the High Court. Nesaga filed an appeal on 16 December 2008 against the order dated 10 December 2008. The appeal was allowed on 7 January 2010 by the High Court Judge. PSSB then filed an appeal against the order dated 7 January 2010 at the Court of Appeal on 15 January 2010 and an application to stay the proceedings at the High Court pending appeal on 5 February 2010. The application for stay of proceedings was allowed with cost 21 June 2010. However PSSB’s Appeal to the Court of Appeal against the dismissal of the amendment was dismissed with costs on 7 October 2010.

PSSB filed an application to amend its Defence on 31 January 2011. The application was dismissed with costs on 11 February 2011. PSSB then filed an appeal against the said decision at the Court of Appeal together with the application for stay of proceedings on 11 February 2011. Hearing of the application for stay fixed on 16 February 2011. Eventually consent judgment has been entered for settlement at RM4,000,000.00.

### **(ii) Kuala Lumpur High Court Suit No. D8-22-1464-2007 Kuala Lumpur High Court Suit No. D2-22-1594-2007 (consolidated by the Order of the Court of Appeal dated 17 January 2008) Megasteel Sdn Bhd (“Megasteel”) vs PSSB**

Megasteel filed a Writ of Summons and Statement of Claim for the sum of RM36,079,860.33 (“Megasteel’s Claim”) as damages for an alleged breach of contract against PSSB. On 17 December 2007, PSSB in its defence argued, *inter-alia*, that Megasteel has continued to accept the delivery of the goods unconditionally after the

alleged stipulated time, causing time to be at large hence time is no longer of the essence. In addition there were variations to the contract causing time to be at large as well. PSSB also filed a Counter-Claim against Megasteel on 17 December 2007 for *inter-alia*, the outstanding sum of RM3,390,509.03 (“Outstanding Sum”) as at 6 November 2007 for the DRI supplied to Megasteel.

Megasteel filed a summary judgment application on Megasteel’s Claim on 27 March 2008 and the same was dismissed on 14 January 2009. PSSB filed an application for judgment on admission of the Outstanding Sum on 30 March 2009 of which was dismissed on 26 October 2009. PSSB filed an appeal to the Court of Appeal against the dismissal of the application for judgment on admission on 20 November 2009. The appeal is pending but in view of the accelerated trial at the High Court, the appeal will become academic. The High Court suits have been fixed for trial on 14 – 16 March 2011.

The solicitors of PSSB are of the opinion that PSSB has a fair chance of succeeding in its defence against Megasteel's claim and that Megasteel has no viable defence to the Outstanding Sum which Megasteel is seeking to set off the Outstanding Sum against Megasteel’s Claim.

**(iii) Kuala Lumpur High Court Suit No. D22-788-2009  
Petroleum National Berhad (“Petronas”) vs PSSB**

On 12 May 2009, PSSB was served with a writ of summons dated 27 April 2009, taken out by Petronas claiming the sum of RM85,795,957.50, being the alleged balance of the unpaid purchase price for the supply of gas to PSSB together with interest, on various bases. Both Petronas and PSSB have exchanged their respective pleadings. PSSB is disputing the claim.

By its Defence and Counterclaim dated 15 June 2009, PSSB is defending the claim and is counterclaiming for either a sum of RM105,258,714.45 or alternatively RM99,831,484.28, depending on the rate applicable. Petronas filed an application to strike out PSSB’s Defence and Counterclaim on 24 December 2009 which was dismissed with costs by the Judge on 30 July 2010.

On 22 February 2011, the Judicial Commissioner directed that parties to file all the relevant documents for setting down the matter for trial before the next case management on 15 March 2011.

As advised by PSSB's solicitors, the Board is of the opinion that PSSB has reasonable prospects of success. Nevertheless, it is still open to both parties to reach a negotiated settlement for this dispute.
